

ART ESCAPE

Southern California Art, Projects and Entertainment (SCAPE) partnered with the Frostig Center to display a special collection of art created specifically to raise money for the Frostig Center, an organization that helps children with learning disabilities. The artwork was donated by prominent artists and is available for purchase at the Scape gallery in Corona del Mar. Gallery owners Diane Nelson and Jeannie Denholm hosted a cocktail party for guests to preview the pieces. Admiring a painting was Newport Beach resident Heather Kline who said, "My husband had surgery today but got out of bed to be here. There is a wonderful variety of art for a great cause."
